FOR IMMEDIATE RELEASE

RAILWORKS BREAKS GROUND ON NEW, REGIONAL FACILITY IN DEER PARK, TX

HOUSTON – (June 26, 2012) – RailWorks Corporation, a leading provider of track and transit & systems construction and maintenance services, announced its subsidiary, RailWorks Track Systems, broke ground today on a new 20,000-square-foot regional facility in Deer Park, Texas.

The new facility, to be leased from GSL Welcome Group, will serve as the headquarters for the South Division of RailWorks Track Systems, a U.S. track construction and maintenance contractor. Located on 4 acres at 1600 W. 13th Street in Deer Park, the complex will feature 9,000 square feet of office space and an adjoining shop and yard for material and equipment. KDW, Ltd. will construct the build-to-suit facility.

“RailWorks has provided track construction and maintenance services in the Houston region for nearly 90 years,” says Bob Rolf, Vice President & General Manager of RailWorks Track Systems. “With expanded shop and office space and our central location in Deer Park, our new facility will allow us to better serve and meet the growing needs of our customers.”

RailWorks’ regional office oversees work performed by about 275 employees who serve railroads and rail-served businesses and authorities throughout Texas, Louisiana, Arkansas, Oklahoma and Mississippi. RailWorks has operated in the Greater Houston area since 1924. The company operated under the name Wm. A Smith Construction Company until it was acquired by RailWorks Corporation in 1998.

RailWorks Track Systems is a railroad contractor providing a full range of track construction and maintenance services throughout the United States. Based in Lakeville, MN, it serves Class I and regional railroads, transit authorities and private industry through a network of regional track construction and project offices. Its regional office based in the Houston metro area serves railroads and rail-served facilities in Texas, Louisiana, Arkansas, Oklahoma and Mississippi.

RailWorks Corporation provides track and transit systems construction and maintenance services throughout the United States and Canada. With annual revenue in excess of \$580 million, RailWorks is a leading provider of integrated construction services for major transit authorities, Class I and short line railroads as well as commercial and industrial companies with rail infrastructure. RailWorks is a privately held company founded in 1998. For more information, see www.railworks.com

Facts about RailWorks Track Systems South Division

New Facility	
New location	1600 W. 13 th Street Deer Park, TX 77536
New facility features	<ul style="list-style-type: none"> • Acreage: 4.049 • Total square footage: 20,000 square feet • Office: 9,000 square feet • Adjoining shop, and material and equipment yard • Owner: GSL Welcome Group • Builder: KDW, Ltd. • Projected occupancy date: December 2012 • New location is strategically located to serve the petro-chemical industry, a key part of RailWorks' customer base
Existing location:	6060 Armour Drive Houston, TX 77020
Why the move?	The City of Houston condemned the company's existing facility to accommodate a buffer zone adjacent to the city's wastewater treatment plant. This development provided the opportunity to move to a new site that is better suited to the company's operations and has the capacity for anticipated business growth.
History in the Greater Houston Area	RailWorks has operated in the Greater Houston area since 1924. The company operated under the name Wm. A Smith Construction Company until it was acquired by RailWorks Corporation in 1998.
